

Hello Mt. Shasta Friends!

There is STILL ROOM for folks in the Gathering – please let interested friends know! Love to have you with us!!

I am so excited to have you on the Mt. Shasta Gathering to experience the energies of the awakening of the OM Master Crystal of Multi-Dimensional Interface! We are sure to have some amazing adventures along the way, as this is one of the most powerful times on Earth - setting up humanity for its great awakening. I fully expect us to connect with other worlds and to meet many of our past friends and spiritual Masters. It is a time of growth of our souls, and this Gathering offers an opportunity to transcend the outside world and to bask in the beauty of Mt. Shasta, to feel her sacred ancient protection, and to connect with these multi-dimensions that are opening up for us on this auspicious day! In our meditations, we will connect with people and energies all over the planet and beyond. Fasten your seatbelt for a thrilling ride!

Please remember to bring any of your favorite crystals and sacred objects to be in the Medicine Wheel for the day (you will take them back home filled with the energies of the ceremonies, meditations, and OM Master Crystal).

Please let us know if you are looking for a ride or roommate, and for which dates. One woman is looking for a ride from Medford, Oregon to Mt. Shasta. She arrives at the airport at 3pm on Tuesday 9/8 in Medford. Please contact Gail (gail@tourismforpeace.org) if you can assist.

If you know of other interested friends, please feel free to forward this to them!

For those of you who have still to pay for the Gathering, please do so by Sept 1st, by going to www.TourismForPeace.org on the 999 page, and using PayPal.

A gourmet boxed lunch is available for the Gathering. The menu will be similar to this (new chef):

Mediterranean wraps with goat cheese (I can leave that out for vegans), hummus, olive tapenade, cucumber and roasted peppers. (For the gluten-free person I would have the fillings in a container with corn chips or rice crackers.)
Bags of veggies: carrots and jicama (if available)
Dessert: Dates stuffed with roasted cashew "cream" (no dairy in this) and dried figs

If you are interested in purchasing for \$12.50 a gourmet boxed lunch for the day of the Gathering, please let me know NOW so that I can order it

from Ashalyn for you. Please bring the money for this lunch in cash to check-in.

(You WILL want to eat while we are on the mountain - so please bring something if you do not choose this option).

Everyone, please be sure to have your **Hiking Release Form** printed out and filled out - bring it with you, please.

On September 9th, please meet at **SHASTA VORTEX ADVENTURES, 400 Chestnut St., Mt. Shasta, CA 96067** at **9:30am**, so that we can check in, turn in these forms, and then go together by car up the mountain. If you want to check out her website, it is: <http://www.shastavortex.com/>

Ours is a "warm weather trip", but do know that the temperatures will drop dramatically after sunset - so if you plan to be up on the mountain after sunset, please bring WARM clothes layers. Temperatures will be around 79 in the daytime and 42 at night. Please wear long pants and lightweight hiking shoes. We will be sitting in a circle with trees all around - it is advisable to bring a towel (from your room) rolled up to sit on (makes the rocks softer!) or you could lean against a tree. If you have a packable walking stick, you might choose to bring it, if you like that (not needed per say). The hike from the car to the Medicine Wheel is about 45 minutes total, with lots of breaks - it is a gentle up and down, through forests on a dirt path, stepping over a few rocks, etc. We will take our time walking, so I think you all will find it quite doable.

For info on what to bring, to be emailed your Hiking Release Form, and for other questions, please email Gail at: gail@tourismforpeace.org

Look forward to having you all there and expecting miracles and magic!!

Cheers,

Gail

999 Day of Illumination at Noon

9th September 2009

Channelled by Arctres

This great time has arrived at long last. Humanity has waited eons for this. As the 9 Rainbow Coloured Codes of the Divine Light flood the land humanity can say at long last the time has come for completion. The 9th Octave of Sound will be felt as this alignment takes place – **as above so below**. The 666 resonated on a sound frequency that held matter to form but now in the 999 frequency all can change with this birthing of a New Matrix. As this sound and colour hits the Earth plane the resonance will resound out across the planet, breaking up the old structures. The crystalline structure of the planet will respond to this sound that will then ripple through every crystal and crystal skulls now on the planet. They will respond and “wake up” to their call on planet Earth as a soul group. Mankind’s own crystalline structure will also be affected. This will activate the High Frequency Codes, bringing in the 9 Rainbow Rays of Light into our core being. The resonance of the Rainbow Children will **awaken**. The 999 represents humanities’ Christed essence. The knowledge of who we truly are will awaken in our hearts and minds. No more will humanity be kept in the dark – **out of darkness cometh Light**. Over the next 3 years the Light work will be in earnest to complete the mission before 2012.

The 9 great Ennead gods of the Old Golden Age in Heliopolis, Egypt, are now calling to anchor the wisdom and knowledge for the New Golden Age of Aquarius in the Heart Centre of England. This will then spread out across the planet. The 9 gods hold the 9 principles of creation of the Universe. Together they are as one, the Law of One, the One Heart of the Divine Light.

Three megalithic 9-stone circles have been found which hold a triangle of Light,

as a small 9-stone circle will hold the middle point in Glastonbury. This resides on the Phoenix in the Star Temple in the landscape of the zodiac in Avalon, holding the energy of the Tor and Holy Thorn for the Aquarian Age. One 9-stone circle is in Wimborne Abbas in Dorset. One is in Derbyshire and the third is on the Isle of Mull in Scotland (the 9 maidens have more than 9 stones so I have discounted that one. Most stone circles have a link with the number 9 anyway). All those who feel called to anchor this Rainbow Light please wear white with a colour of their choice, holding a quartz crystal or crystal skull. Just call for the Divine Rainbow Rays to come down from the Galactic centre and anchor into the crystalline core of the Earth. Please gather at the circle you feel called to. Someone is being called to the King's Chamber in Egypt to release the old energy as we anchor the new on the 999.

The Derbyshire 9-stone circle is at Stanton in Peak, North West of Matlock. It's actually off Birchover Road which is the B5056.

There is a contact number: Ruth Brammall: ruth_brammall@btinternet.com

The second 9-stone circle is 4 miles west of Wimborne Abbas, near Dorchester in Dorset

I haven't got a connection at the moment for the Isle of Mull stones but I have some information to where the stones are. When you come off the Craigmure ferry take the A849 to Iona and then off to the left is a road to Buie (Moy Castle). Anyone who links with this stone circle please make contact.

Also anyone who wants to be in the Glastonbury 9-stone circle please contact me by email or phone 01458 830038
