

“Greetings Masters, I am Archangel Metatron, Lord of Light !

And so again we speak of the emerging mega vortex of Arkansas, the portal of the quantum crystalline frequency. For now, in 2008, this vortex vaults into global prominence with the unfolding of the dimensional lock that held the Atlantean crystalline wisdom, that of the Golden Age of Atlantis, that of the highest frequency obtained on your earth plane.

Indeed that time has come and in the present year will begin the unlocking of great Atlantean Crystals, held for over 12,000 years in dimensional seal within the magnetic complex of Arkansas. Many of you will be drawn to take part in the unveiling, for indeed you were there as witnesses to the deluge and some of you to the consequent movement of these amazing Atlantean master Crystals to this and other areas.

Three Atlantean Wisdom & Healing Crystals that once beamed magnificent light and celestial energy in the Temple of Healing, the Temple of One and the Temple of Knowledge on Poseida were placed in dimensional lock in the Atlantean Crystal Fields of Arkansas. The first of these will be awakened in 2008, and aligned with the other sleeping Atlantean Crystals in Brazil, Mount Shasta, Bimini and Lake Titicaca.

Indeed they will energize the Golden Sun Disc placed in Arkansas and align with the 12 patterns of same throughout the planet. Many are called, and many will come to participate in this awakening, as part of an ancient contract, a sacred promise whose time has finally come. Many are there already, having been called to live within this crystalline vortex that will be fully in place in 2012. And so on the summer solstice of 2008, will the first crystal awaken.

It is not for you to activate the crystals, it is not for you to anchor the vortex, rather it is for you to align yourselves within this completion, within this activation, within this celestial anchoring of the quantum crystalline field. Many of the Law of One are called. Masters you have waited a long time for this, heed the call. The Master crystals of Atlantis open the rainbow of dimensional access that accelerates your planetary and personal Ascension.

Indeed you may access the benevolent energy and wisdom of the opening Blue Crystal of Knowledge etherically. It is not fully necessary for you to be there in physical embodiment within the Arkansas vortex for you to receive and take part in this activation. Yet there is benefit for those of you receiving the call to visit the vortex and walk the crystals fields. Those of you choosing to visit the sacred mines, will be able to find a personal crystal imbued with the energy of the Golden Era of Atlantis. Indeed permission is granted and the crystals offer themselves to you for this and myriad purpose.

Those guardians of Sirius B, are even now preparing the stage, and await you to join them. Send your energy, send your light and intent of highest good to what is termed the Master Blue Crystal of Knowledge. It once reigned in wisdom and light in the Temple of Knowledge, and so many of you will again see it clearly in your minds eye, indeed you will feel it in your heart, amid tears of joy.

It is below the earth below the crown center of the Vortex, termed Talimena Ridge, in a sacred chasm, built long ago. The Blue Crystal of Knowledge stands erect, forty-eight feet in height and twelve feet in diameter. It will pulse and exude a rainbow of silver, turquoise and cobalt blue as it activates in sacred contract. It holds the multidimensional wisdom and knowledge of the ages. It awaits this long destined awakening, from within the sacred Ark.

The Golden Age

Dear Ones, these crystals were saved from destruction, and now you are offered the memory of why. For such magnificent crystal beings offer all of you so much. The expansion, the sacred completion applies to ALL! It is time to remember who you were, in order to become all you are in this awakening time, this return to the Quantum Crystalline Field.

You see, Atlantis existed for over 200,000 years. The vast majority of the Atlantean times were epochs of light! Only the final phase, the period from 17,500 BC to 10,500 BC was in your terms, a dark era, but one rich in lesson.

We tell you in fact that the Golden Period of Atlantis was the highest level of Light Consciousness ever achieved on the Earth Plane in any advanced civilization; higher than LeMuria, higher than Mu, higher than Rama, higher than Ignacious. It has become somewhat fashionable to consider LeMuria as being the utopian civilization, and though they did achieve a relatively short lived phase of high consciousness, most in that era were not truly in physical bodies, rather in devic-like etheric states, and did not face the difficulties required of the physical earth stage. Indeed LeMuria never achieved the highly advanced level that existed in that Golden Phase of Atlantis from 40,000 BC to 18,000 BC. A time when Gods walked with men, and all knew joyful expression It was the hallowed time when many of you walked as Star Children, and later chose biology and the lesson cycles of reincarnation on the Blue Planet called Earth.

So when you consider Atlantis, DO NOT only remember its sad demise! It was but a short phase of the magnificent antediluvian world, yet it must not be forgotten, so very much is to be gained by understanding the final phase, and Dear Ones, it is time to remember.

The Atlantean Hologram

So we speak of once mighty Atlantis, and we speak to all of you, , for Atlantis is a great holgramic lesson, and ones whose time has returned, for the memory of Atlantis is not just a healing. Indeed, for some it is a requisite healing, a necessary cleansing, ,but for others it is also a benevolent empowerment. It recalls a time when you walked in knowledge. Regardless of your myriad roles in Atlantis, and Dear Ones, 70% of all on the planet at this time experienced physicality there, Atlantis now calls to you.

And the call is not just for those of you of the Law of One, it is equally called to the Aryans, to the Sons of Belial. Indeed many of you experienced lifetimes in both ideologies. Does that surprise you?

The Deluge of 17,500 BC - Downward Spiral of the Final Phase

The time is after the second deluge, when the utopian Golden Age subsided and Atlantis split into 5 islands. The three major islands were known as Poseida, Aryan and Og. The two smaller islands were under the rule of Aryan, and were known as Atalya and Eyre. And so in the days after the second break up of Atlantis, the benevolent government rule by kingdom passed into the phase of a confederation, state governments, in your terms, that ruled each of the islands. An aristocracy of sorts evolved that consisted of two opposing ideologies. The two major components of these were the 'Law of One', based predominantly on the Isle of Poseida and 'The Sons of Belial' based on the Isle of Aryan. The island of Aryan was the most populated, and exerted influence and political control over Og, Atalya and Eyre.

Poseida was the planets most potent vortex portal complex at the time of Atlantis. The Poseida grouping and isle housed the Temple of Healing, the Temple of Sound, the Temple of One, the Temple of Regeneration and the Temple of Knowledge. Poseida housed most of the major centers for higher learning. These were placed on Poseida because of its advantageous location within the geodesic grids and its proximity to beneficial electromagnetic energies that spiraled upward from the earth's core. An incredibly potent healing spring flowed on Poseida, near the Temple of Healing, and its lore spawned the myths of the 'Fountain of Youth' passed down by the indigenous peoples of Florida. It flows yet into the oceans near Bimini.

The tall ones, the golden race of Atlantis, of Pleadean seed were centered in Poseida, these ones averaging 10 to 12 feet in stature. These were a gentle race of giants, involved in the cultural, artistic and educational pursuits in the heart of Atlantis. Poseida was also the headquarters and nucleus of the crystalline power grid and interdimensional tunnel system. The most advanced, complex and beautiful of the crystals were here. They were of Arcturian and Sirian construct, a living amalgam of many crystalline forms imbued with an alloy of platinum and gold. The crystals were housed in magnificent Temples, some built of marble, others of crystalline sheets of beryl, corundum and diamond. Poseida was also the capital city of the island, and was called the Emerald City. The Atlanteans had perfected, with Arcturian technology, the ability to grow crystals of every structure and essence in an accelerated growth within the underground crystal beds of Arkansas, Tibet and Brasil, all being Atlantean colonies, accessed through the interdimensional tunnel system.

Throughout Atlantis, power grid crystals, called posers, were triangulated and connected through a gold-copper rod under a spherical dome that could be angled to receive specific stellar, solar and gravitational energy waves. This was the system used to power homes, offices, media, and theatres, manufacturing concerns, medical centers, schools and businesses. The poser system was received in each structure by receiving crystal units of various sizes. The poser system was also able to receive specialized refracted light and feed it into the ley energy system for use in the interdimensional tunnel system and feed crystalline light into conductive earth currents to raise the frequency into a semi-aware electromagnetic plasmic field of benevolent energy capable of retaining spiritual frequencies.

A great crystalline satellite, referred to as the second moon of Atlantis, floated above in the skies and received, amplified and reflected refined energy back to the crystals for various beneficial purposes. It served both the posers and the Master Crystals used in temples. Specialized energy fields were projected into agricultural and crystal growing areas to amplify and accelerate growth, as well as into universities, hospitals, schools, offices, factories and work places to create a sense of well being and invigoration for the workers and students. We will speak more of this 'second moon' later in this essay.

Now, the Temples were astonishing works of sacred geometry and stunning architecture. Many of the great temples were covered in a dome of projected crystalline amplified light somewhat like a glowing force field. These were of various colors and glowed in day and night. These were varied according to the purpose of the temple complex. Some temples projected domes and fields of vibratory light and resonate sound frequencies that amplified the senses and chakras; others amplified the receptive learning ability of the mind, and others enabled multidimensional consciousness, communication and transport. Additionally most of the major cities during the Golden Age of Atlantis, had crystalline power domes of energy fields above them.

After the second deluge, only, the capital city of Poseida had a full crystalline energy dome, and it was an incredible emerald green color.

Prior to the deluge of 17,500 BC, most major cities, including Meruvia, the Capital of Aryan had such power domes over the perimeter. The one in Aryan was a soft ruby red.

In the Golden Age of Atlantis, the Pyramids were three and four sided, depending on their utility and generally made of marble, granite and complex crystals. The three-sided pyramids were used as antennas to draw and amplify energies and fed them into the power grid to power homes, factories and create energy fields for various utilities. The crystalline satellite was used to reflect the angled stellar energy waves into these triangulated grids. There were over 100 of these triangulated pyramidal grid complexes. They were set up in concentric triangulation patterns all over the planet. They established a hemispheric grid network of crystalline and electromagnetic energy dividing the areas of Atlantis, America, Africa, Mediterranean Europe and South America into different demographic centers-for powering population centers, and to modulate weather patterns and tides. The areas of Mongolia and Tibet were also part of this complex, connected by interdimensional ley tunnels. But the largest groupings of these were in the homelands of Atlantis.

The four- sided pyramids were essentially Temple complexes set as full octahedrons and used for healing, learning, regeneration and spiritual purposes. These were not triangulated, and generally set on hilltops or along the coastlines to receive both telluric and celestial energies. The lands below the center plane were excavated to allow for the downward pyramid of the octahedron design construct, thus connecting energetically to both above and below.

The 'Law of One' contingency of Poseida were devoutly spiritual people and sought equality among the people and a unification of Oneness. Although much technology and quality of life had been lost in the prior two breakups of Atlantis (the first in 58,000 BC, the second in 17,500 BC) technology still remained at an advanced level. Yet the harmony experienced in the Golden Age of Atlantis spiraled downward after the break up into islands in 17,500 BC as the islands grew into separately governed entities, which held to very differing ideologies in the initially chaotic and difficult period of reconstruction immediately after the break up.

Poseida and the Atla-Ra

A highly disciplined and evolved sect of scientist priest held the technical wisdom and expertise of managing the crystal power grids. The vast majority of Atla-Ra were of the tall golden race, but there were also members from the bronze, white, LeMurian brown and Cetean races. At that time there were still Cetean dolphin beings who walked on two legs, verbally communicated and breathed air in a similar fashion to humankind. The sect of scientist- priests were referred to as the Atla- Ra. The Atla-Ra still maintained the highest standards of consciousness and were able to continue vibrating at very high frequencies of consciousness, at and above the level of 12th dimensional light & energy, remaining very pure and resonant with the true 'Oneness' concept of the Creator/God. They sustained higher dimensional -telepathic contact with the advanced space brethren from the Pleades, Arcturius ,Andromeda and Sirius.

The Atla-Ra Priests were highly revered and traditionally separate, above & exempt from governmental controls, and thus kept the knowledge & senior management of crystal technology largely in the wise & benevolent hands of the sect, although there were some technicians and crystal engineers from the Poseidan populace involved who were not in the Atla-Ra sect. The Scientist Priest of Atla-Ra were both male and female and were capable of great life spans, both through the regeneration of mind power and through the technology of same in the Temple of Rejuvenation. Many lived lifetimes in the same biology for 6,000 years, some to 12,000 years! Thus was the technology preserved through this holy sect. Many brilliant souls were among these. The entities you know as Galileo, Isaac Newton, Einstein, Tesla, Edison, Marcel Vogel, Ronna Herman and DaVinci were

among the Atla-Ra. Tyberonn and Oneronn were part of this group of scientist priest, who lived very long lifetimes.

Many of you, especially your artists have great recall of the capital city of Atlantis located in the region of Poseida. It was termed the Emerald City because of the glowing green light dome projected over it. Some of your artists in fact have made renditions of the city that are quite accurate. It was an exquisite marvel of architecture, culture and engineering, by far the most beautiful metropolis that has ever existed on your planet. It was breathtaking. The city, also named Poseida, as was the state, was composed of a series of concentric walls and encircled by flowing seagreen canals. It was full of beautifully constructed Temples, Universities, Theatres and Museums. At the very center was a hill, and on top of the hill the majestic and stunning Temple of Poseidon, which was visible from everywhere in the holy emerald city. Inside the temple was a massive gold statue of the God of the Sea showing him driving six winged horses made of extra terrestrial platinum. The statue was embellished with precious gemstones of every color and type. The Temple was octagonal and along each of the 8 walls were built convex enclosures with platforms for amazing crystals that stood twelve feet high and glowed like transparent diamonds. Poseida had been the least damaged of the major Atlantean cities after the break up into islands, and was still of a very high frequency and quality of life.

Aryan and the Industrial Complex:

Aryan was the largest of the islands and the most populated. Aryan was the commercial center and yielded the most influence from the economic, agricultural and military perspective. After the 2nd deluge, Aryan was significantly damaged and the infrastructure required a chaotic stage of rebuilding. In the process, the state became controlled by an elitist, affluent 'white' race, who gained control of the economy, military powers and island-state government, even though the majority of the populace were of the bronze or red race. From Aryan grew a corrupt power-minded aristocracy who sought to block the 'Law of One' and utilize Atlantis's technology for control of the world, this through the utilization of crystalline energy for weaponry, and use of genetic science for development & retention of an inferior race to serve as workers and soldiers.

The genetic engineering was based in Meruvia, on Aryan. It had originally been used for benevolent purposes, for seeking improved physical vehicles for those that had incarnated into physical bodies that mutated into half man half beast abominations. The genetic work had been processed and developed on Aryan and was used to remove appendages, claws, feathers and reptilian skins and scales. This was done in the Temple of Purification, somewhat of a specialized medical centre. Again, we emphasize that during the Golden Age of Atlantis, its utility had been quite benevolent. Tremendous genetic advances were made and a great understanding of cloning and adjusting physical limitations for betterment came in responsible, ethical utility.

In the chaos of the reconstruction period, genetic engineering came under the control of the Belial group, and then denigrated into corrupt uses of greed and power. The genetic engineering began being used for dark ends, in creating a race of worker- slaves and hybrid man animals. Just as in Nazi Germany it was conveyed to the masses as development of a 'pure race'. In fact many of the genetic scientist were initially kept unaware of what their research and development work was being used for until it was essentially too late for them to stop it. Some of you carry great guilt to this day as a result of this work.

Law of One and Sons of Belial

This use of genetically engineered servant classes led to the great rift between the Law of One and the Sons of Belial, the latter of which became so engrossed and hardened in the

materialistic ambitions of the industrial machine that they lost sight of the spiritual ethics that had prevailed over the continent of Atlantis in the Golden Era. Literally hundreds of thousands of hybrid mutations were created to work the fields and monstrosities were created with controlled minds to robotically do the biddings of their 'masters'. The agro-industrial society of Aryan became quite dependent on them. Souls became trapped in cloned bodies termed 'things' and 'others' with genetic lobotomies and nullified, sexuality and emotional abilities. Many who were trapped in monstrous or sub intelligent androgynous human bodies, still carry that horrendous pain of being imprisoned in physical embodiments that allowed for, no advanced learning, spiritual growth or emotional expression.

For several millennia the two ideologies remained head-locked over this issue and governmental agencies were in a state of delicate impasse. The Poseidans were far too cultured and gentle in nature to attempt to fight the Aryans and sought to educate them and spiritually influence them into changing their ways. The Aryans, who outnumbered the Poseidans 3 to 1, dared not attack Poseida lest they have the crystalline energy that powered the nation shut off.

Colonial Wars In the interim outbreaks of war erupted between the Aryan controlled Atlantean military as the former colonies of Atlantis located in the Mediterranean areas broke traditional ties and developed their own independent governments. The colonies, particularly those in Greece and Turkey saw the change from the utopian Atlantis to the military-fascist state controlled by Aryan and sought to break away. Although the Aryans had the military edge, the Mediterranean states did not succumb, and regional colonial wars raged on with neither side able to dominate the other. Factions within Aryan increasingly sought to use crystal energy to quell the adversaries. This was firmly refused by the Atla-Ra and 'Law of One' populace of Poseida.

Several futile attempts to terrorize the Poseidans were attempted by the Aryans, and each was quelled. The Poseidans retaliated by shutting down the power and negating the Aryans. The Aryans responded by stopping food supply and manufactured goods. A great impasse ensued.

The Atlantean Unification Congress

In a great deceptive scheme, disguised as a plan for unification, the Aryans approached the Poseidans with the formation of a renewed National Congress to work out their growingly tense differences and bring harmony to Atlantis. Representatives from the Law of One were sent along with the representatives from the Sons of Belial. The Congress was formalized with an equal amount of representation from the two parties. Within short order a federation of sorts was sanctified with the promise of greater harmony. It appeared for several decades that the promise of change and betterment might come about from the National Congress. The Poseidans were encouraged and many of them let down their guard. The Atla-Ra remained wary of the motives and sensed deception.

Initially the National Congress did improve relations and many minor superficial laws that promised unity were set in motion. Yet the primary points of opposition, the genetic slavery and crystal energy management remained unresolved.

However, from within the Sons of Belial had risen a hypnotic charismatic leadership who seduced the masses in Atlantis into believing they were the answer to returning Atlantis to its lost Golden Age of prominence and abundance. The leaders of this group were the souls that you know as Hitler and Himmler, indeed the supremacist Nazis of your World War II. Large militaristic legions were formed and gained the edge in covert political persuasion and power. The hybrid mutants were used to terrorize those who opposed them in Aryan and Og, and one occasion this was futilely attempted in Poseida.

The powerful Aryan contingent were masters of manipulation and media. They presented well thought out arguments that masked their true intentions and promised mutual compromise. The propaganda seemed quite feasible on the surface and convinced many including moderates and some from the Law of One of its hope for harmony.

In what appeared to be a great opportunity for resolution, a law was proposed by the Belial group to bring the genetic engineering, heretofore controlled by the state of Aryan under federalized control, and in return, bring the crystal poser system under the control of a governmental agency. A great discussion and debate occurred under great national scrutiny. A vote was set, but failed in the congressional vote.

Betrayal:

However, a compelling compromise was offered by the cunning leadership of the Belial, which allowed for the law to be passed on the basis that a council staffed with 5 Poseidans and 4 Aryans would head a new government agency for federalized Crystalline-Energy control. The fact that the Law of One were given apparent majority control of the council made the plan seem very promising to the populace of Poseida. The law allowed that no changes could be made without majority consensus of the council, but included the caveat that while the Atla –Ra would remain in departmental head positions, they would no longer be exempt from governmental controls. A training program was included that would allow engineers from both parties, outside the Atla-Ra, to be trained and taught the complex engineering.

Initially, despite the wariness of Atla-Ra, the system appeared to be working and bringing a better harmony.

However, within two years, the wars in the Mediterranean roared back in full escalation, and the rebelling colonies seemed to be gaining the advantage. Pressure mounted to use crystal beams for war purposes under the guise of national security. A discussion, debate and vote was scheduled for the Governing Council. National security was touted and a misaligned sense of manipulated patriotism swept the land.

Then the deception rolled into effect. To the great shock & chagrin of the Poseidans, one of the Law of One members of the Council, switched positions. He was neither of the Atla-Ra, nor the Golden race. He had risen politically as a charismatic leader, a trusted negotiator, who had pledged allegiances to the Law of One and gained their full confidence. He had been targeted and seduced by the Aryans, and fell victim to his ambitions.

In the aftermath, this one felt great remorse, and spent subsequent lifetimes attempting to make up for the mistake. For truly he did not foresee the catastrophic ending, and had allowed himself to be blindly compromised under promises of power and position.

Dear Ones, such is the illusion of power. You see when one gains power, that which may seem right can often be an illusion of ego. Each on the road of Mastery must eventually decide between power and love. Even the one you call Hitler thought the master race scenario would enable a better future for the earth, with one supreme physical embodiment being the single eventual race that all souls would reincarnate into, reducing disease, and eliminating racial division by having only one 'Master' race. Even the one you call Judas in your biblical allegory thought that by placing Jesua ben Josef in detention, he would be forced to use his divine powers to reveal his Mastery to the world! Indeed the paradox is that what you term as 'Power' is often the polar opposite of love. Do you see how ego and power can deceive? Do you?

Thus through 'legalized' governmental control, the use of the crystal power complex & grids came under governmental control under the sons of Belial, and sadly could not be reversed.

The Second Moon of Atlantis

That which was known as the 'Second Moon of Atlantis', the crystalline poser grids and fire crystals came under governmental control, and their usage became altered as the Aryan knowledge of the programming grew. The Atla-Ra were able to defer the usage initially, but in time were stymied.

Now as we have mentioned earlier, that termed the second moon of Atlantis, was in fact a massive crystalline satellite. It was of Arcturian construct and managed by the Priest Scientist of the Law of One. The crystalline satellite was an enormous unmanned sphere of brilliant engineering, approximately five miles in diameter. It has been in use since the Golden Age of Atlantis, and served myriad benevolent purpose. It amplified and controlled the various crystal beams sent from the fire, healing and energy crystals. It was somewhat of a computerized macrochip that refracted, amplified and reflected powerfully refined beams of energy for use in agriculture, weather control, tide control, healing temples, regeneration temples and the enhanced ley-energy systems generated by the crystal poser system. It loomed in the skies over Atlantis and appeared as a golden 'harvest' moon, and thus was known as the second moon of Atlantis. A rainbow kaleidoscopic energy band of antigravity plasma swirled around the sphere, and often appeared as what you now term the aurora or northern lights. The satellite crystal moon did not orbit the earth, it moved as programmed, self directed, constantly shifting locations in order to perform its myriad tasks over Atlantis, Africa and the eastern seaboard of Brasil.

After the Crystalline Grid complex legally came under federalized Aryan control, the Belial group integrated their own technologists into the engineering group, quickly replacing key department heads with their own. The Atla-Ra attempted to block their attempt to reprogram the satellite for war usage explaining that overloading the satellite would dissipate the antigravity field that maneuvered it, and a catastrophic crash could occur. The Aryan scientist debunked the claim. Some of the Atla-Ra were threatened and removed, others began to mysteriously disappear. Many of the Poseidans felt intimidated and powerless as the governing council allowed for the satellite to become a 'strategic defense weapon', certain it would function as programmed, and bring a quick end to the rebellion wars.

The Belial scientist, with council approval reprogrammed a system bypass and began sending destructive thermal light beams used to initiate volcanic eruptions and massive earthquakes against colonies and nations who refused to give into their demands. These were aimed in the areas of what is now Greece and Turkey, and caused great devastation. Indeed it gave the zealous Aryans the battle advantage they so fervently desired, and they jubilantly increased its usage, with support of most of the populace.

The Beginning of the End

The Crystal Moon began to 'overload', weakening the anti gravity field that kept it afloat. The Atla-Ra understood the implications of what would soon occur when the programming crashed, but their pleas to the council continued to be ignored.

After several months of prolonged war use, the satellite began to erratically swerve and shift, and power blackouts began to occur. Tireless attempts to correct it were unsuccessful. The Atla-Ra were asked to lend support in correcting it, most refused. Some agreed to try and stabilize it to prevent the impending disaster. All attempts failed. The council refused the suggestion to incinerate the satellite, disbelieving that it would crash,

and minimizing the effects of an impact even if it did.

Relocation of the Crystals Tyberonn & Oberonn gathered an inner group of loyalist within the Atla-Ra and Law of One to plan a circuitry disconnection & imminent relocation of the fire and energy crystals to various 'safe' locations before the impending crash of the master satellite. This was done with the technology & assistance of those from Sirius B.

The relocation of the precious crystals was very risky, and required careful planning and great secrecy. It had to be done before the crash of the 'second moon', and without knowledge of the governing council.

Simultaneously other trusted members of the Atla-Ra worked furiously at hastily and safely gathering data recording crystals, crystalline skulls and engraved historical records for secure placements in Yucatan, Alexandria and Giza. This was only partially accomplished, so much was not able to be saved.

Atlantis had numerous power crystals located through out the 5 islands and along specific relay routes of the underground labyrinth system. The Atla-Ra knew that once the modulated 'motherboard' of the crystal moon satellite lost its antigravity field, it would crash in a huge explosion and its crashing would subsequently reek havoc on the major and poser energy crystals, creating catastrophic secondary explosions of a nuclear-class within hours or days of the crash.

The Atla-Ra and Sirians wanted to insure the master crystals would not be destroyed or used for any further negative purpose, and be saved for a time when mankind could use them as they were intended. They understood the power required to transport them would be lost after the crash, and that urgent expediency was required.

Seven of the enormous primary crystals and two slightly smaller but incredible Arcturian crystals were relocated within the bulk transport systems of the underground tunnel system with help from Sirius B. Three huge primary crystals were relocated to the Atlantean crystal fields of Arkansas, two were relocated to the underground crystal farms of Brazil in the areas of Bahia and Mineas Gerais, one was relocated to underground chasm below Mount Shasta, and the great fire crystal was placed underground in a chasm below the Bimini Bank in the Sargasso Sea. The two sacred Acturian crystals were relocated in the chasms below the area of Tiajuanaco, Bolivia near Lake Titicaca.

All nine were put in dimensional locks, essentially powered down into energetic dormancy through the technology of the Sirians. Dozens of other Master Crystals, were lost.

The rest, in your vernacular is history, poignant lost history from your mainstream perspective. Truly the paradox of the forgotten history is that it contains the most purposeful of lessons!

Indeed after a few months of being utilized for the thermal 'death ray' technology the great crystal satellite overloaded, its antigravity cushion weakened and it crashed with the accelerated velocity of a massive comet in a horrific explosion that devastated most of OG and critically weaken the tectonic stability of the Atlantean plate, vaporizing massive sections of substrata. The great crystal satellite shattered into billions of fragmented crystalline shards, which now fill the deep trenches of the Atlantic. Massive clouds of dust and smoke erupted, hiding the sun. Waves of earthquakes and tsunamis devastated the island and sent great waves over two thirds of Aryan. Within minutes the remaining power stations exploded with the strength of nuclear bombs. The remains of one such crystal power station explosion can be seen to this day in the area of northeast Brasil called 'Sete Cidades'.

Atlantis, and the eastern coast of Brazil and the western coast of Africa were devastated with subsequent earthquakes. Panic and havoc ensued for 3 weeks as the remaining dry areas shook and landmasses collapsed into the sea. The land bridge that connected Poseida and Og to the Yucatan remained above water initially and was literally filled with hundreds of thousands of Atlanteans frantically attempting to a horrendous panic filled exodus. Every type of sea going vessel was filled with the surviving terrorized refugees.

And then in one shattering gasp, the remaining lands collapsed downward into the sea. The displaced seas that became known as the great flood sent dozens of enormous tsunamis that spilled over South America, Africa and Europe.

It is a scene that has for many many lifetimes plagued and darkened the memories of many of you, who were indeed a part of it. Dear Ones, it is time to let it go.

Intent & Highest Good So many of you believe that everything happens as it should happen, as it is 'meant' to be. Dear Ones that is not always the case. Things happen as they happen, as a set of many potentials. And indeed from the higher perspective events happen as they are 'intended' to happen, and we stress the word intent. You are creators of your event horizons. But Dear Ones, events do not happen in the highest good until you create the highest good. The Fall of Atlantis was not the highest good, and will not be until you recreate it as such.

If all happened for highest good, you would not reincarnate. In the dramatic school of hologramic 'reality' you will cycle and recycle until you learn this. Do you understand Dear Ones?

Time and probability are a beautiful illusionary paradox....And this is why we tell you that the Golden Age of Atlantis is actually an event horizon from your future that you pulled into your 'seeming' past!

The Crystals of Arkansas

And so now we skip forward 12,500 years, and we look at the role of the Atlantean colony you now call Arkansas.

Arkansas was specifically chosen to house three major mega crystals for several reasons.

It was already in use as a crystal mining and harvest area. As a result one of the primary interdimensional tunnels from Poseida was already established and transport complexes were available to transport the crystals to the area. The Atlanteans had developed techniques that allowed for highly accelerated growth of crystals and pre existing deep caverns existed that would be quite out of the reach of mining concerns.

It was understood that the vortex in place in the area of Arkansas would play a major role in the 2012 planetary Ascension.

Arkansas's unique geology of quartz, diamonds, magnetic lodestone, iron, limestone, and massive caverns made it the perfect incubator for the crystalline plantations. Crystals had been planted and grown in Arkansas for thousand of years before the deluge. The presence of magnetic metals in the crystal beds made it easier for the majestic Atlantean crystals to be placed in a dormant state within pre existing facilities.

A very benevolent colony of the blue-skinned LeMurians exist underground in Arkansas, as well as an underground base of Sirians. The two were in agreement to be caretakers for the sleeping crystals.

Now, the three crystals placed in Arkansas are preprogrammed to a network-grid that axially connects to the remaining five enormous master crystals placed in Brazil, Shasta, Bimini, and the two exquisite wisdom crystals placed under Lake Titicaca. These are specialized Healing, Wisdom, Energy and Transport Crystals, used in the Temple of Healing, The Temple of Sound and Light, The Temple of Knowledge, The Temple of One, The Temple of Thoth, The Ruby Temple of Fire and the Temple of Regeneration.

The crystals were specifically placed in areas of supreme importance for the new earth emerging in the 2012 Ascension. Areas that were easily accessed through the Atlantean interdimensional tunnel system, that would emerge as mega vortex infinity points in your current times.

These are defined, located and placed with activation dates as follows:

Arkansas :

- 1. Blue Crystal of Knowledge (Interface) 8-8-8*
- 2. Emerald Crystal of Healing 9-9-9*
- 3. Platinum Crystal of Communication (Bio Plasmic Interface) 11-11-11*

Mount Shasta:

- 1. The Crystal of Multidimensional Interface 9-9-9*

Tiajuanaco-Lake Titicaca, Bolivia:

- 1. Sun-Moon Crystal of Light 9-9-9*
- 2. Crystal of Thoth 12-12-12*

In 2008, the Blue Crystal of Wisdom and Knowledge returns. On the summer solstice it will awaken to one-quarter strength. On that termed the 8-8-8, the 8th of August of 2008, will the 144 Crystalline grid launch into three-quarter function, and in turn activate the Blue Crystal into half power. It will trigger the time sequence program for the awakening of the others .

Each will open on the triple dates portals. Each will be tied to the activation of the 4 remaining 12 stellated facets of the 144 grid, the double penta-dodecahedron. The first 8 of these 12 grid-facets are now in full function

Powering Up & Reprogramming

None will move into full strength before 2012. Only the Blue Knowledge Crystal, the Emerald Healing Crystal and Sun-Moon Crystal will be at full power by 2012, the others will take longer. They will awaken and then begin a rebooting process, followed by new downloads, and reprogramming. This reprogramming will especially occur with the Bimini fire crystal, which will not be fully functional before 2020.

Their energies will be networked with the Quantum Crystalline frequency of the Ascension and tied to the energetic patterns of the Golden Sun Disc, which represent the new blueprint, the DNA, in a manner of speaking, for the 144 Grid. The unified effect of the crystal awakening, the 144 grid completion and the completion of the 12 helix Golden Sun Disc will prepare the earth for the heralded Ascension, and the new planet of the quantum crystalline field.

The effect these crystals will have will initially be quite subtle, yet that subtle strength will be immediately discernable to empaths. The effect will be a greater sense of well being, especially within the vortexes of Arkansas, Lake Titicaca and Bahia, Brazil. Each who visits these vortex arcs of the crystals , whether in physical or etherical phase, will be offered the opportunity of empowerment with the knowledge and potency of their crystalline codes. Yet be aware, that you must be of a sufficient light quotient to absorb this frequency.

The first phase represents wisdom, and the second phase will be the etheric healing of Atlantis, and the tie in to the new Golden Age of humankind.

There will be a golden rhombus formed between Brasil, Lake Titicaca, Arkansas and Mount Shasta and in 2020 this will become a five pointed star, that forms a global network with all infinity points on the planet.

The awakening of the crystals, beginning in Arkansas, will open the gate for the receptive dimension that marks the return of the star brethren. Return is a misnomer, as truly that have never left. Rather mankind lost the frequencial ability to perceive them.

Closing:

The Atlantean Crystals open the etheric gate, the dimensional portals that will allow mankind of carbon based life to interface with those of bio-plasmic life. You must understand Masters, that you exist in both within multidimensional parallel. Indeed you are the Sirians, you are the Pleadeans, you are the Arcturians and much more ! You are all the multidimensional sparks of the Master Creator God! It is true! The gate will open in 2008 in the crystalline vortex of Arkansas, and those of you who connect to the blue crystal will be able to experience your own multidimensionality, quite joyously, quite easily in time, as you develop the light quotient and impeccability to do so. We do not imply that it comes to without work and will, but it opens to you in greater facility than you have known for eons.

Dear ones, within the energy of the Arkansas Vortex, lies a crystalline energy like none you have experienced since that Golden Age of Atlantis 20,000 years ago. Within the quantum crystalline frequency can you heal that which must be healed, open that which must expand, and offer an extraordinary alignment to the knowledge of exquisite bliss. Within this rising energy will you be able to connect with a living crystalline force that will assist your merkabic expansion into your multidimensional divinity. Into the Divine Self! It is true, Dear ones, and that time is NOW.

Masters, It is the end of the beginning! The dreamer awakes !

I am Metatron, and you are Beloved."
